In the original solicitation (RFP) posted on September 25, 2025, with a proposal due date of October 16, 2025, we listed the initial term of the contract would be for three (3) years and a comprehensive service expectation.

Due to funding constraints, we are unable to commit to three (3) years and any reference to the “4.2. Typical Turf Mowing Schedule” listed in the RFP will need to be scaled down to mowing only during previously stated heavy mowing season (April through September).

Therefore, the initial contract term will now be for one (1) year with the option of extending the contract for up to four (4) additional years (depending on funding) with weekly services (mow, trim & edge) expected only during April, May, June, July, August and September.
