RAD Overview

What is **RAD**?

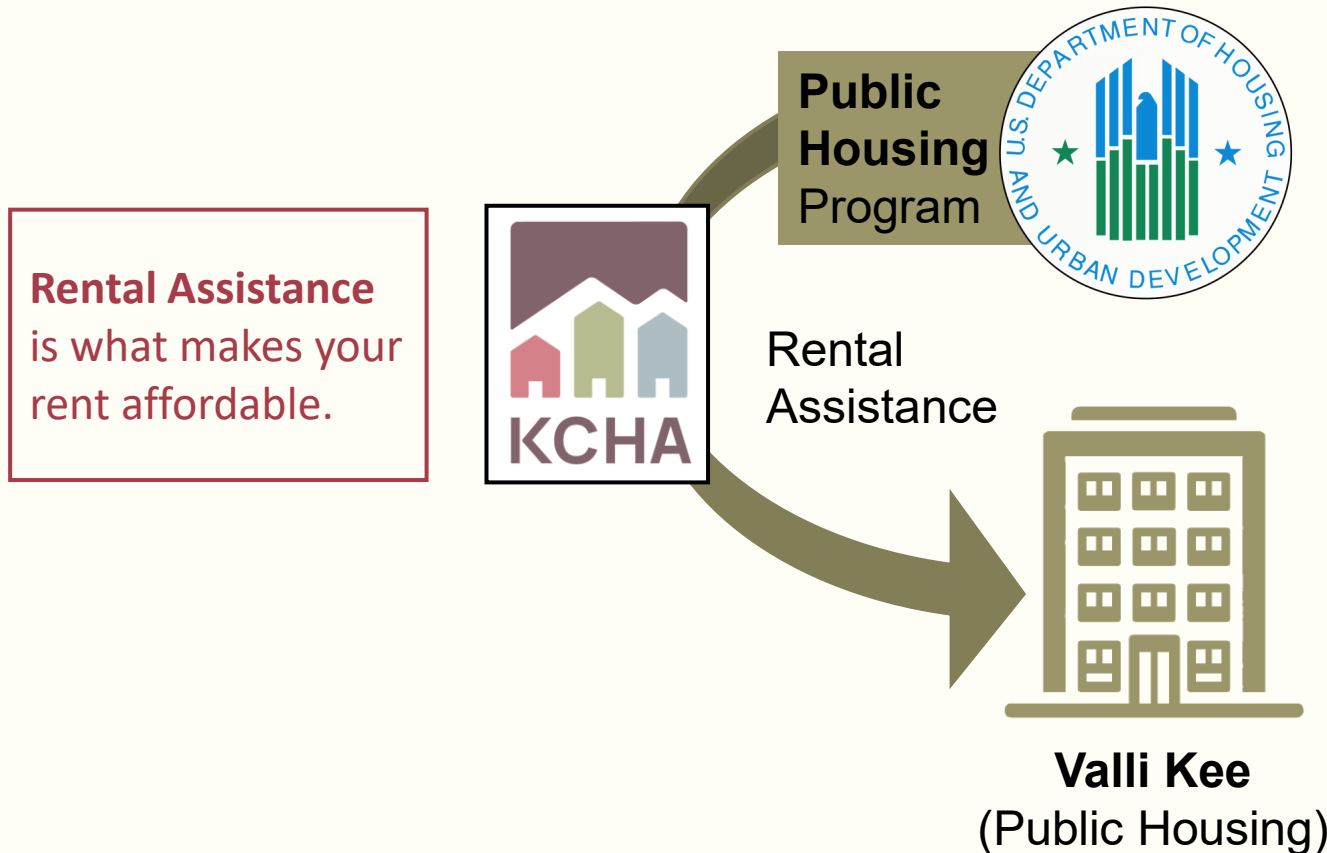

Rental **A**ssistance **D**emonstration (**RAD**)

A program created by the U.S. Department of **Housing and Urban Development** (HUD) that gives public housing authorities new flexibility to preserve and improve public housing properties like yours.

How does **RAD** work?

RAD changes the **source** of rental assistance from **public housing** to **Section 8** project-based vouchers

How does **RAD** work?

RAD changes the **source** of rental assistance from **public housing** to **Section 8** project-based vouchers

RAD units remain **permanently** affordable to low-income households.

Section 8
Program

Rental
Assistance

Valli Kee

(RAD Project-Based Voucher)

- More stable source of funding
- Funding adjusts for local rent and utility changes
- More flexible funding
- Allows KCHA to access other sources of funding

Residents **retain their housing,** affordable rent, and tenant protections.

Most residents' **rent will not change** because of RAD.

Residents keep their **same rights** and resident protections.

After living in a RAD unit for 12 months, residents have the option of requesting a **Tenant-Based Voucher** to relocate anywhere in the country that accepts Section 8 vouchers.

Why convert to the Section 8 program?

Public Housing Funding Has Dropped While Section 8 Funding Has Responded to Cover Rising Needs

Percent change in funding since 2000, adjusted for inflation

Funding for the public housing program hasn't kept up with the costs to operate the program

Converting to **RAD** means that KCHA can continue to invest in repairs and improvements to your apartment building.

KCHA's Plan for Valli Kee

KCHA's plan for Valli Kee

Our plan for Valli Kee is a “**straight conversion**” also referred to as a “**subsidy-only conversion.**”

This means that KCHA is shifting our existing public housing funding for your apartment building to the Section 8 program without taking on new debt or undertaking major renovation or improvements as part of the RAD conversion.

KCHA's plan (continued)

KCHA's plan for your apartment building:

- Will **not** include any major renovations to your property
- Will **not** transfer rental assistance from your property to another
- Will **not** affect your eligibility for rental assistance

KCHA will **not** partner with a developer or any other entity

We will know more once we have the final property inspection report

Our plans **may** require you to **temporarily relocate** for KCHA to make **repairs** or accessibility improvements to your unit.

KCHA's plan (continued)

Our plan is to simply change **your apartment building's** primary source of federal funding from public housing to Section 8 rental assistance through RAD.

Note: **These plans may change.** As we develop the plans, we will consider:

- The opinions of residents
- An independent professional's analysis of what needs to be repaired
- The long-term cost to maintain the property
- The financing we may be able to get

What You Need to Know About RAD

Our **RAD** conversion plan will not change your experience of living at your apartment building

- The rent you pay under RAD will be calculated based on adjusted annual household income, like it is now under the public housing program.
- KCHA will still own your building.
- Your property management and maintenance team will not change.
- You will keep your housing assistance, but the funding source of that assistance will change.
- You won't need to be re-screened and there are no additional eligibility requirements.
- You **may** need to temporarily relocate for KCHA to complete required repairs
- You will need to stay in good standing with your current lease.
- You will need to sign a new lease.

What **RAD** means for KCHA

- Resident stability
- Preservation of affordable housing
- More stable and flexible funding
- Choice mobility for residents
- Keeping our building up to date with repairs and improvements
